

Concept statement:

To fulfill the needs of the classic music market and to be able to create a natural, quite, happy and emotional working environment, the company will be designed in a way that the whole 8,000 Sq. Ft. building will be divided into a set of cubical offices that contains 4 offices each. This design will give the employees the ability to work together in a classical and warm environment.

Organizational concept statement:

To be able to create an emotional and classical environment the building will be divided into cells of offices, each one contains 4 offices set in a shape of an open octagon. All the office furniture will be chosen from a set of styles from the Herman Miller company. These styles will create a kind of warm and romantic environment.

Character Concept Statement:

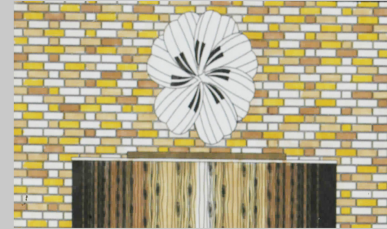

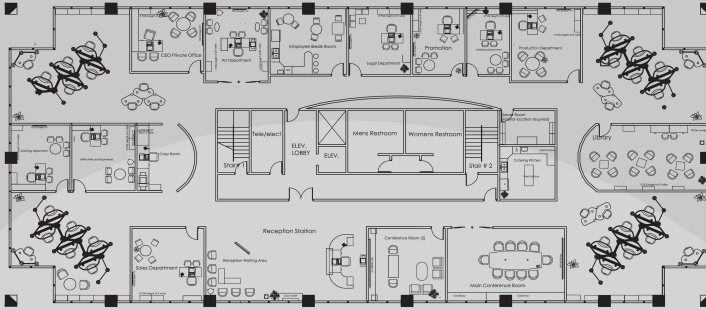

To create a warm working space that can make the customer feel that he is going into a classic music theater, we choose to furnish the office with natural looking furniture (lighting, ...) and also decorate the offices by some painting and music instruments.
